The HOLY SHIT Era has begun...

**fighting the urge**

watching this woman  
massage this man's  
back in physical  
therapy

her perfect round  
ass just a few feet  
from me

after a couple minutes  
of playing it off that  
i wasn't staring

i'm now fighting  
the urge to stick  
my nose between  
those ass cheeks  
and take a whiff

let me tell you  
nicole

Trivia Question:  
IS THE CROWN FOR HER OR HIM?

**slowly teases**

looking up the skirt  
of a woman in the  
waiting room

she sees me  
and smiles

slowly teases her  
legs more open  
and then laughs

**for the sake of this fantasy**

watching this beautiful  
woman today in physical  
therapy, a soccer player  
i suppose

most likely high school  
but for the sake of this  
fantasy... college

i always loved women  
that played soccer for  
one damn reason

incredible asses

and watching this  
dirty blonde do squats  
to help strengthen her  
knee

all i could imagine  
was my face down  
there as the goal  
for her to get down  
to

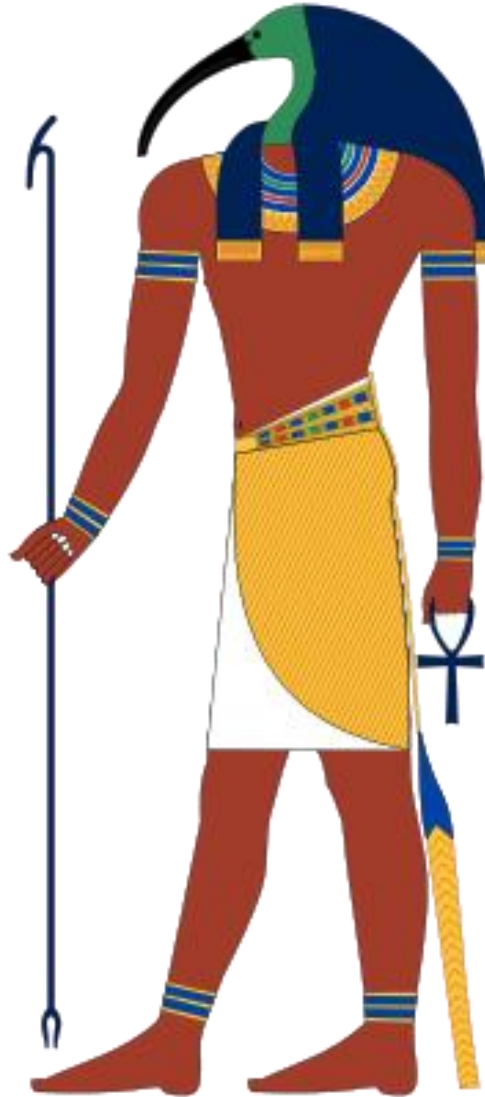

teasing me

each time with a  
little wiggle as  
she gets closer

one of these days  
someone is going  
to catch me with  
these thoughts

hopefully they  
are understanding

and have lotion  
on them
